All University information will be communicated via your UM email account, including registration appointments, financial aid, billing, grades, and student life information.

1. **Set up your Multi-Factor Authentication (MFA),** an additional level of security. If you have not yet been prompted to do so, you will have to set up your MFA authentication in order to access your UM email. To enroll, visit caneid.miami.edu and click “Enroll in Multi-Factor Authentication (MFA).” If you have trouble setting up MFA, contact the UMIT Support Center at 305-284-6565 or itsupportcenter@miami.edu. Learn more at miami.edu/multifactor.

Your education belongs to you.

This is the principle behind our Cognates Program of General Education, which allows you to design an education that is broad, deep, and distinctly you.

What is a cognate?
A cognate is a group of at least three courses (for at least 9 credits total) that share a theme or focus determined by the faculty. A cognate may center on a discipline, problem, topic, region, method, time period, another language, or an experience abroad, among many other possibilities.

How do I fulfill the cognates requirement?
Select and complete three cognates, one from each of the basic Areas of Knowledge:

- Arts and Humanities
- People and Society
- Science, Technology, Engineering, and Mathematics (STEM)

How do cognates work with my major requirements?
Every major and minor constitutes a cognate. The typical program is your major plus two cognates, each in a different Area of Knowledge.

How do I choose my cognates?
Your interests, goals, and curiosities should guide your decision. You may select more cognates than the required three. Each cognate you complete will appear on your transcript.

Should I register for a cognate in my first semester?
Most students do not need to select cognates in their first semester, so you should focus on registering for the courses your school or college requires. If you have space for an elective, choose one that really interests you.

Where can I learn more?
Use our Cognate Search Engine at cognates.miami.edu to explore your options and make your own educational choices.

Academic Bulletin
The Academic Bulletin, found at bulletin.miami.edu, lists the curriculum requirements and a sample plan of study for your specific major. Once on the page, select undergraduate programs, your school/college, your major, and your track/degree.

GPS TIP
Make the Academic Bulletin your best friend. Use it to help you choose courses relevant to your major.
Musts for all New Students

1. **Complete any course placement or entrance exams and skills assessments required.** You may need to take tests in language and math to ensure proper course placement. Refer to your specific school or college new student registration pages for requirements and deadlines. Visit miami.edu/newstudentregister.

2. **Send your final high school or college transcript** to the Office of Undergraduate Admission (P.O. Box 249117, Coral Gables, FL 33124) as soon as it becomes available, and **no later than July 1**. You will be unable to fully register for fall classes until your final transcript has been received.

3. **Submit scores and/or grades for AP, IB, and dual enrollment course credit.**

   To have Advanced Placement (AP), International Baccalaureate (IB) Level H, and College-Level Examination Program (CLEP) scores evaluated for University credit, have your scores sent directly to the Office of Undergraduate Admission from the College Board, your regional IB office, or previously attended institution(s), respectively, as soon as the scores are available.

   *All exam scores must be sent directly from the appropriate testing agency. For AP, the University of Miami’s school code is 5815.*

   A minimum grade of a “C” is required for consideration of dual enrollment courses, and no more than 60 credits will be accepted from these programs.

   For a list of credit equivalencies, visit miami.edu/creditequiv.

4. **Complete UMX 100.** The University of Miami Experience (UMX 100) is a graded, online, self-paced course specifically designed to assist first-year students in making a successful transition to the University of Miami.

   You will be automatically enrolled in the course, as it is required for all new students. The course opens on **July 1** and your grade will be recorded on your transcript. Access the course via Blackboard (the platform used by professors to share course resources such as presentation slides, readings, and links as well as grades) at courses.miami.edu. We strongly recommend you complete the course before your arrival to campus. If you have questions, email umx@miami.edu.

   **GPS Tip**

   Final high school transcripts do not include IB, AP, or CLEP scores so watch out for when they are released and request them to be sent directly from the testing agency. For details, visit miami.edu/creditequiv.
Registration and Advising

Each of the University’s schools and colleges has a specific program of course registration and academic advising. Your school or college will email you directly with details about registration and advising.

Registration begins on June 3 and closes on July 10.

The following pages contain information to help you select courses for the fall.

For step-by-step videos on how to register for classes in CaneLink, visit miami.edu/newstudentregister.
School of Architecture
Office of Academic Services
1223 Dickinson Drive
Coral Gables, FL 33146
305-284-3731
academicservices@miami.edu

ADVISING
As a first-year architecture student, you are placed in a predetermined set of classes with other first-year architecture students. This gives you the opportunity to interact with your fellow classmates, while building the academic foundation necessary to be successful in the years to come.

You do not need to contact an advisor before registering for classes over the summer unless you are a Foote Fellow or seeking credit for AP, IB, and/or dual enrollment courses. To speak with an advisor, call the Office of Academic Services at 305-284-3731, Monday through Friday, 10 a.m. – 4 p.m.

REGISTRATION STEPS
1. Read UM’s New Student Registration Guide at miami.edu/newstudentregister.
2. Enroll in the math course corresponding to your SAT or ACT score. If you don’t have the score required to enroll in MTH 130 or higher, you may complete a proctored ALEKS Math Placement Assessment on campus over the summer or during Orientation week and throughout the first week of class. Visit miami.edu/aleks for more information and to enroll in a session.
3. Visit arc.miami.edu/newstudents to read a welcome letter from the program director, computer and software recommendations, and a list of supplies and quotes from vendors to place your order for a supply kit.
4. Enroll in ENG 105. The School of Architecture will automatically enroll you in:
   • ARC 101 Architecture Design
   • ARC 111 Visual Representation I
   • ARC 121 Theory Course
5. Attend the School of Architecture Open House on Friday, August 16, to pick up your supply kit. If you did not prepurchase a supply kit, a vendor will be on site during Open House.

LOOKING FORWARD
1. Complete your required summer reading, Experiencing Architecture by Steen Eiler Rasmussen, by the first day of classes.
2. Prepurchase your supply kit to have it delivered to campus during Open House.
3. Set up your studio space.
College of Arts and Sciences
Student Academic Services, Main Office
Ashe Building, Room 200
Coral Gables, FL 33146
305-284-4333
sas.as@miami.edu

ADVISING
The College of Arts and Sciences is a community of scholars and students committed to the values of liberal arts education and academic excellence.

We believe students are most successful when they take ownership of their futures and education. Advisors can provide information about University requirements and opportunities; however, the advising process promotes and fosters autonomy. You will choose classes based on your individual interests, goals, and passions.

REGISTRATION STEPS

1. **Check your UM email** for messages from “Academic Advising – Arts & Sciences.”

2. **Review registration information.** Visit advising.as.miami.edu and select “New Student Registration” to:
   - Review registration information and dates
   - Review course requirements for your major and/or minor

   • Watch the registration video modules

3. **Register for courses** by referring to the instructions provided in the registration modules as well as your advising appointment. Remember, in order to be considered a full-time student, you must enroll in 12-17 credits in your first semester.

4. **Schedule an advising appointment.** You will receive an email from an academic advisor regarding additional advising the week after you complete your enrollment deposit. Be sure to reply to this email to schedule an appointment.

   We will discuss your goals, major, degree requirements, courses, AP, IB, and CLEP scores, campus referrals, and more.

   Have the following available for your advising appointment, if applicable:
   - AP, IB, and CLEP scores
   - A copy of your most recent transcript(s) from any college(s) where you have completed courses. Send all official transcripts to the Office of Undergraduate Admission.

As you begin to attend classes, you may want to adjust your schedule. Be mindful of deadlines listed on the Academic Calendar (page 39).
ADVISING

Registering for your first semester at the Miami Business School is simple because the MBS academic advising team will enroll you in the courses you need. In July, you will be assigned a professional academic advisor who will be your point of contact to ensure academic success on your journey to graduation.

REQUIRED FIRST-SEMESTER COURSES

1. MGT 100 Managing for Success in the Global Marketplace
2. English Composition I or II and either Mathematics or Management Science, based on standardized test scores, AP/IB scores, dual enrollment, and/or your ALEKS Math Assessment
3. Two of the following three foundational courses:
   • BSL 212 Introduction to Business Law
   • MKT 201 Foundations of Marketing
   • ECO 211 Microeconomics or ECO 212 Macroeconomics

All undergraduate business students are required to enroll in English Composition and Mathematics or Management Science classes each semester at MBS until the relevant sequences are completed, no later than the fourth semester.

REGISTRATION STEPS

1. An MBS advisor will contact you via your UM email on or after May 15 to discuss your:
   • choice of degree (BBA, BSBA, or BSAF)
   • possible major
   • AP/IB test scores, and/or dual enrollment course credit

2. Reply to the advisor’s message as soon as possible to secure your schedule. If you do not respond to the advising team’s message before July 1, you will be registered for courses based on availability. After July 1, most course sections are at capacity, as such our flexibility to personalize your schedule will be limited.

3. If you wish to adjust your math course enrollment, take the ALEKS Assessment either over the summer or during ‘Cane Kickoff, then contact your academic advisor to discuss any necessary changes.

LOOKING FORWARD

At the Academic Dean’s Meeting during ‘Cane Kickoff, you will meet the Undergraduate Vice Dean and the academic advising team. You will also talk with your MGT 100 Team Leader (a current UM student) about what to expect from your first year at University of Miami and the Miami Business School.

Beginning September 3, you will be able to schedule your first advising appointment with your assigned advisor using Navigate, our student success platform, to discuss your academic and personal goals and Spring 2020 semester courses.

- for disciplinary or administrative reasons, are denied the privilege of living on campus

To apply for a first-year residence waiver, download the form from miami.edu/housingexemption or request it via email at housing@miami.edu.

APPLY BY MAY 15 THROUGH CANELINK: Access the application under UM Housing section. To view a sample housing agreement, an application tutorial, and the housing rates for the coming year, visit miami.edu/housing.

Housing applications received after the May 15 deadline will be added to a wait list until an available space can be identified.

You will be required to submit a $500 prepayment via credit card as part of the application process. The prepayment will be applied to your University student account.

MAKE YOURSELF A PRIORITY: Students who apply early receive greater priority for selecting single rooms, making room changes, and receiving earlier room selection appointment times for future academic years.

SELECT A MEAL PLAN: You will be prompted to choose a meal plan when completing your housing application. See page 24.

FIND A ROOMMATE: The housing application process includes a section where you can complete a roommate profile by answering a series of questions about your lifestyle preferences, academic and social pursuits, and other roommate-related topics. If you would like to join the roommate search process, you’ll be assigned a username and asked to provide a brief description of yourself. The program then suggests potential roommates based on your responses.

See someone you like? Email them. The deadline to confirm each other as roommates is May 15 but, if you have not already done so, you can still submit a mutual request to the Department of Housing and Residential Life to housing@miami.edu.

GPS TIP

There are multiple steps (housing application, roommate agreement, and meal plan agreement) necessary to be placed on the matching list for a roommate. Until you complete all three steps and click on the submit button, your application will not be reviewed. For an instructional video, visit miami.edu/housing/apply and follow the link under New/Incoming Students.

For more information on gender-inclusive housing, what to bring to campus, move-in schedule, amenities unique to campus living, and other housing services, visit miami.edu/housing.
Meal Plans

All undergraduate students living in one of the five residential colleges must purchase a meal plan as a part of their housing agreement. Students who do not choose a meal plan during their housing application process will be automatically signed up for the unlimited meal plan.

In CaneLink, under the UM Housing section, select “Housing Application Process.” Then click on the Meal Plan step to make your selection.

If you wish to increase your meal plan after June 30, select “Meal Plan Change Request” under “Dining Services” to email the department. Please provide your name and student number, along with your current and new meal plan choice.

Students living off campus may choose from any of the resident meal plans as well as any of the meal plans specifically designed for commuters. Meals and any balance remaining at the end of the fall semester will roll over to the spring, but will expire at the end of the spring semester. In CaneLink, under “Dining Services,” select “Add Block Meals” to email Dining Services. Please provide your name, student number, and meal plan choice.

Commuting Students

The Department of Orientation and Commuter Student Involvement facilitates programs and resources to acclimate all new undergraduate students to the academic and social fabric of the institution. We understand that our commuter students have unique needs. That’s why we created a number of resources just for you.

COMMUTER ASSISTANTS (CAs): are available to help you as you transition into the UM community. You will learn who your CA is during ‘Cane Kickoff.

GREAT START: Connect with fellow commuters, explore student organizations, and learn all about being a ‘Cane in this overnight program before ‘Cane Kickoff. See page 33 for details, or visit miami.edu/greatstart.

PARKING AND TRANSPORTATION: Check your email throughout the summer for information about parking on campus. Visit miami.edu/parking for information on parking rates, campus shuttles, public transit, carpooling, and UBIke.

‘CANES CONNECT (June 1) is an on-campus day for students from Miami-Dade and Broward County who are planning to commute to UM. Check to-do items off your list and meet representatives from student services and GPS Team members who can support you on your road to UM.
### Campus Safety and Security

1. **Provide emergency contact information in CaneLink.** Keeping your emergency contact information up to date in CaneLink is critical in cases of emergency, extreme weather, and University notifications. In the Student Services Center under “Personal Information,” select “Emergency Contact” to update.

U.S. citizens must choose to accept or waive the University plan coverage and fee as soon as possible and no later than July 15. For instructions on how to waive the University plan coverage, visit miami.edu/healthinsurance.

International students must purchase the medical insurance offered through the University of Miami at the time of registration unless they provide proof of agency- or government-sponsor coverage that has been reviewed and approved by the University Student Health Center prior to registration. The annual premium for this coverage is added to each student’s fees.
Immunizations and Health Records

All students are required to complete and present proof of immunization no later than **August 22**.

1. Visit [miami.edu/immunizations](http://miami.edu/immunizations) to print out the form and have your medical provider complete an immunization compliance form.

2. Log in and enter all immunization information at [mystudenthealth.miami.edu](http://mystudenthealth.miami.edu) for verification; student CaneLink credentials required.

3. Upload the completed immunization form to [mystudenthealth.miami.edu](http://mystudenthealth.miami.edu). If you plan to live on campus, you will also be asked at the completion of the upload to document that you have received or were informed of the hepatitis and meningococcal meningitis immunizations.

Disability Services

The Office of Disability Services (ODS) provides academic accommodations and support to ensure all students are able to access the opportunities available at UM.

Students with disabilities in need of accommodations must complete an Accommodation Request Form and submit current, appropriate, and comprehensive documentation of the disability to ODS by **June 1**. For details, including documentation guidelines, visit [camnercenter.miami.edu/disability-services](http://camnercenter.miami.edu/disability-services).

Alcohol and Drug Education

All incoming students are required to complete EverFi’s online AlcoholEdu & Sexual Assault Prevention courses. Failure to complete any portion of the courses will result in your inability to register for spring courses.

Course links are available at [miami.edu/doso](http://miami.edu/doso) and will be sent to your UM email **mid-July**. If you do not receive the link, email [campusclarity@miami.edu](mailto:campusclarity@miami.edu) from your UM email address for access. Part 1 of both courses must be completed by **August 12**. Part 2 will be emailed after a 45-day intersession and must be completed by mid-October to avoid a registration hold.

For more information regarding the online course requirement, visit the Dean of Students Office website at [miami.edu/doso](http://miami.edu/doso).

Proud to Be Smoke-Free

The University of Miami is proud to be a smoke-free campus.

Smoking is prohibited on campus, in classrooms, courtyards, and living spaces to ensure a healthy environment for the well-being and safety of all individuals on our campus.
Bills and Payments

Once you accept or decline your financial aid awards, you can view and pay any remaining balance in CaneLink. Submit your tuition payment and/or Financial Guarantee Letter by August 1.

Failure to pay your tuition by the deadline will interfere with your ability to move into on-campus housing in the fall and may result in the cancellation of your enrollment.

THE MONTHLY PAYMENT PLAN (MPP) divides your educational expenses — tuition, fees, on-campus housing, and meal plan expenses — into convenient monthly payments during each of the fall and spring semesters. For more information about the MPP, visit miami.edu/mpp or call the Office of Student Account Services at 305-284-6430, option 6.

- Participants are billed in equal monthly installments once the MPP enrollment has been completed. A nonrefundable 3 percent administration fee is charged and added on to the monthly payments and a 2.5 percent surcharge for credit card transactions.
- Financial aid requirements must be finalized before signing up for the MPP.
- Payments can be made:
  1. In person at the Student Account Services cashier’s window:
     1252 Memorial Drive, Coral Gables, FL 33146
  2. By mail with a personal check to:
     University of Miami

A. **Check your UM email often for award notifications** or requests for more information from OSFAE.

B. **Monitor your To-Do list** for outstanding actions or required documents.

C. **View your financial assistance awards in CaneLink** by selecting “Go To Student Center” and then “View Financial Aid.”

D. **Accept/decline all or any portion of your awards and loan offers** in CaneLink.
   1. Log in at canelink.miami.edu and go to Student Center.
   2. Under Finances, select Accept/Decline Award Offer.
   3. Select the financial aid year.
   4. Click on Accept/Decline Your Eligibility and Submit Decision.

E. **Confirm Terms and Conditions** for financial assistance at miami.edu/terms.

F. **Finalize your registration plans before September 5** to avoid disbursement issues due to insufficient enrollment. Students must be enrolled in a minimum of 12 credits to ensure eligibility for financial assistance.

G. **Notify OSFAE of any outside resources you will receive.** Outside resources such as outside scholarships and veterans benefits must be considered when calculating your eligibility for federal need-based aid and, in the case of veterans benefits, eligibility for institutional need-based aid. Please notify OSFAE of any outside resources you will receive by emailing the information to ofas@miami.edu.
Student Employment

Most jobs for the fall semester are posted a few weeks before the academic year begins and throughout the year. You may review jobs at miami.edu/jobx. Student earnings are paid directly to the student every two weeks as work is performed.

FEDERAL WORK STUDY: Federal Work Study, including Community Service Work Study, is a federally funded financial aid program awarded to students based on their eligibility determined by the Free Application for Federal Student Aid (FAFSA) and other financial aid criteria.

STUDENT ASSISTANT PROGRAM: All full-time, degree-seeking admitted and enrolled students are eligible to apply for jobs under the Student Assistant (non-Federal Work Study) employment program.

LEAD MIAMI PROGRAM: Students admitted to the Lead Miami Program receive information directly from the program’s advisor.

REQUIRED DOCUMENTS: Federal law requires that all new student employees complete an I-9 form and present supporting documentation to verify their identity on the first day of employment. If you plan to apply for student employment, please bring the required documents with you to avoid delaying the hiring process.

Examples of acceptable documentation include either a valid U.S. passport OR a driver’s license AND either a social security card or birth certificate. A complete list of acceptable documents is provided during the onboarding process once you have been offered a position.

Veterans

Veterans or dependents of veterans may be entitled to VA educational benefits under Chapters 30, 31, 33, 35, and 1606. Complete information on submitting enrollment documentation can be found at miami.edu/veteransaffairs. Submit your documents to UM’s Certifying Official at veterans@miami.edu by August 1. You may also contact them at 305-284-2294.

Veterans benefits may be considered as a resource when determining eligibility for need-based institutional assistance. For additional information, contact a financial aid advisor at 305-284-6000, option 2.
Orientation & Arrival
Pre-Orientation Programs

Pre-orientation programs provide small group experiences to welcome new students into the larger campus community.

**GREAT START (June 22-23 or July 13-14)** is an overnight program designed for new commuter students from Miami-Dade and Broward County who will be commuting to campus during their first year at UM. Discount prices are available for students who sign up early at [miami.edu/greatstart](http://miami.edu/greatstart). Students can choose to attend one of the two sessions.

**INTERNATIONAL STUDENT ORIENTATION (August 13)** is designed to provide international students with information that will assist in their transition to living and studying in the United States. For more information, visit [iss.s.miami.edu](http://iss.s.miami.edu).

**HORIZONS (August 13)** is designed to provide first-year students with a preview of campus life and the diverse community at UM. Registration is open June 1–July 12. For more information and to register, visit [miami.edu/msa/horizons](http://miami.edu/msa/horizons).

**HILLEL FRESHFEST (August 13-14)** is designed to provide incoming Jewish students with an immersive experience and opportunity to connect to Jewish Life on campus. Registration is open now through August 9. For more information, visit [miamihillel.org](http://miamihillel.org).
